Please refer to the accompanying memorandum from Dr Prebble.

2. Attached to my memorandum is a table provided for your information which shows the position if the recommendations in Dr Prebble's memorandum are accepted including his, rather than the Treasury one, in respect of Protective Security Vetting funding for years beyond 2002/03. If you accept the recommendation by Dr Prebble on this please sign the attached form marked "A". If instead you instead accept the Treasury advice please sign the form marked "B".

3. You will recall our discussions with you about remuneration and IT issues. I have asked that these be addressed in the 2003 budget round.
